

The masked perfidy of a faceless society.

Holy absolution of vaccinations

March 2, 2025. By [Nadia Danneberg](#) Reading time 8.7 minutes

As a communications scientist and psychotherapist, I consider it my duty to look at the wounds in society that have been bleeding profusely since 2020 and still can't heal! "The truth hurts, but it also heals" my wounds as well. I speak as a sufferer, as a psychotherapist, as a mother! Sometimes I dress the incomprehensible in satire and metaphors to make the incomprehensible bearable. It is known that humor is the best medicine - even if I often lose the urge to laugh.

When I was vaccinated in 2021 before the promoted mandatory vaccinations, I had no idea that I would be caught under a "hail of bullets" of a so-called safe vaccine that was "effective, safe and free of side effects." All the health ministers, medical associations and institutions, mainstream media, mainstream politicians, mainstream doctors/virologists/epidemiologists assured me as if it were a "sacred mantra": "Everyone will know someone who will die of coronavirus! Vaccinated / recovered / died! Only vaccination protects! Vaccination is good, it is a savior, it has no side effects! Vaccination is the best protection against disease. Only 1 vaccine! Vaccine is confirmed to be effective and safe! Vaccine is a game changer! It protects against infection!" As always, I

trusted doctors to treat their patients, not harm them, and after consulting four doctors, I received the "holy absolution of vaccination": the vaccine is safe!

I unknowingly entered this "theater of war" against humanity and mankind: "Vaccination is our weapon"! "Vaccination is charity"! "Even Jesus would vaccinate"! "Vaccination is a Christian duty"! Cathedral priest Toni Faber, deeply enlightened by mercy and solidarity, not only closed the gates of the church, but also many hearts. As a result, many people, including me, left the church!

Toni Faber: "I have no sympathy for the unvaccinated. It is a lesser evil to marginalize those who have not yet been vaccinated than to impose a blockade on the entire population. Every day 700 to 800 people at St. Stephen's Cathedral in Vienna are vaccinated against Covid-19!" (katholisch.de)

Thanks to this "*mass vaccination without mandatory information*" all the angels are singing in chorus: "*solidarity, safe, effective, free of side effects!*" It's especially good to die in solidarity, it's a Christian duty - to reach the "kingdom of the blessed" comfortably. " This is certain!" (pun/satire!).

A friend told me that he received his third vaccination at St. Stephen's Cathedral in Vienna, which has always been a place of peace, tranquility, safety and security for him. When he entered the cathedral on the day of his vaccination - shortly before vaccination became mandatory in 2022. - he was overwhelmed by anxiety, fear and great uncertainty. His body signaled: Danger! An emergency program was triggered, especially since it was no longer consistent for him: coercion and fear/trust, safety were powerful opponents. Above all, hidden violence under the guise of "holy morality": "We save human lives out of solidarity" made him furious, powerless, and his body switched to the emergency program: escape! But he stood there paralyzed, unable to take even one step! He had to be vaccinated! He feared losing his job and social ostracism, ostracism instead of respect, because he had to feed his family! He saw everyone pointing fingers at him:

You murderer! Angel of death, coffin nail, anti-social bastard! Deceiver! Enemy of the state! Blind appendage! Pig! Rat! You should be beaten, fined and expelled from the country!

14 days in jail and heavy fines would be justified for your radicalized and dangerous views! The vaccinated are furious when the unvaccinated will be treated. Ban the unvaccinated! We don't treat the unvaccinated! These are stupid people who do not blindly follow "facts" and "science"! "Facts are facts, not false facts"! End of discussion, you deny the existence of coronavirus! Enemies of science!

"CovIDIOT", Nazis! Flamethrowers, attack dogs, water cannons with a mixture of vaccines against all radicalized and crazy people!" said the self-proclaimed benefactor!

"Let the entire republic point the finger at you." YOU MURDERER!

As if paralyzed, almost remotely controlled, these cries disappeared into the "holy halls of mercy and good faith!" In this hostile atmosphere, he felt like he was inhumanly beaten and chastised

just because he thinks differently or is rightly afraid of this experimental injection. He was neither anti-vaccine nor denied the existence of coronavirus! Drenched in sweat, he accepted his "holy absolution" - exoneration from guilt and sin, which potentially stigmatized him as a murderer, dangerous person or Nazi, and put him in the pillory! "Stone him verbally, marginalize him"! This is love of neighbor!

Now he was a disciple of the "solidarity good believers" - a system that punished non-believers and disobedient people with contempt and hatred, punishing them by losing their jobs, social ostracism and even expulsion from their own country. *"With the introduction of mandatory vaccinations, it is in fact illegal to live in Austria and not be vaccinated. And this can have other consequences as well!"*

He wanted to be free and show solidarity! The doors of the church remained closed during the lockdown - obviously out of solidarity and mercy - unvaccinated people were treated like lepers. "Fear not" occurs in the Bible only as a message of comfort and confidence! "They preached water and drank wine."

A young woman, almost 30 years old, collapsed in front of me at the vaccination point in front of City Hall. She was also given a "holy absolution of vaccination" to cleanse herself of guilt and sin, lest she be defamed as an "anti-social murderer," "enemy," "CovIDIOTKA," "Nazi" and "right-wing." After the paramedics arrived, I approached her to ask how I could help her. She was shaking all over, crying, her nervous breakdown was shocking even to me. For the first time, I realized the extent of the "propaganda staging" - how injected fear and violence led people to the state of emergency and to vaccination. She cried and told me that she was very afraid of vaccination, especially since she did not know how it worked. However, she was just as afraid of coronavirus because her mother had gotten sick, had coronavirus herself, and was very afraid of dying. She couldn't calm down for more than half an hour - despite the intervention of paramedics and my efforts to help her!

At the latest from that moment I realized that I was in a "hail of bullets" of injected violence, a "theater of war against humanity." "Weapons" were aimed at us, not at the virus! When mandatory vaccinations were being promoted in November 2021, a patient told me, *"If mandatory vaccinations happen, I will take my own life. I can't stand it anymore! I've already been vaccinated once, I have the most serious side effects that are not recognized, it's all just 'psychosomatic', I'm labeled 'psychotherapist', sent from one doctor to another. I suffer like a dog from hell and am so cruelly disappointed. Mandatory vaccinations kill!"*

This was the first time I talked about sadism and intentional torture in my YouTube videos, as fear was not only staged, but deliberately injected. Inoculated, as "mental inoculation," as Jonas Tögel also describes it. He also speaks of "cognitive warfare." I too speak of "collective menticide (mental suicide)!".

I didn't even realize that I was opening a Pandora's box when I started working and writing my books in February 2023. The extent of the catastrophe had already become apparent, but it was at this point that I entered the "stage of infamy" - "golden plank" of political and media staging, or rather, defamation, which threw off the masks and revealed the real motive without wrapping it in cotton!

"People of goodwill" have been lied to and deceived, and their bodies and trust have been severely abused. The magnitude of this disaster will only become apparent in the years to come: Collateral damage that is downplayed as mistakes, seriously injured children and adolescents, and vaccine victims and vaccine deaths: "sudden and unexpected" as per the tape!

I understood even more: it was "state violence"! Unvaccinated children were intimidated, teased, gagged by masks! They had to be vaccinated to avoid killing their grandfather and grandmother! "I don't want to lose you, get vaccinated!" they said. When the children's laughter quieted down and the playgrounds were closed, all the alarm bells should have rung! There was no child protection, there was child protection!

"Booster Monster" as an injection of violence that attacked unvaccinated people and kidnapped women in cabs. Given the numerous rapes and murders of women, many are talking about the glorification of violence and are shocked! As "Hero of the Week," the "psychopathic monster" has not only been glorified by "Falter" as the epitome of violence, but also sweetly wrapped in a cozy song: "Put your head on my shoulder!". When the perpetrator sweetly baits and then hits the victim! It was all just for "fun and games" - Even reports to the publicity board were unable to prevent this "funny, disturbing act of violence"! The response of the responsible health councilor was: "This advertisement is designed to shock people and make them think! This was not just a joke, but a serious matter! According to the motto: "If you don't obey, you deserve violence!".

Our safe spaces, personal and physical integrity, protection of life and our dignity as human beings have become the targets of a bestial media, political and medical frenzy on behalf of the "pharmaceutical industry" and greed!

When will this inhuman era, this mass delusion, come to an end? When will it be dealt with? When will the perpetrators be brought to justice? When? Multiple systemic failures are unbearable, and secondly traumatizing, when we have to watch children suffer severely, and young people and adults die "suddenly and unexpectedly"! Every second, every minute counts! Why doesn't the state, authorities and institutions stop this "vaccination"? Why are the victims of vaccination not recognized? Why are post-vaccination deaths being silenced? Why? Whether it is intentional, whether it is negligence, the courts should clarify it! When?
